

UPDATE YOUR INFORMATION IN THE PA211 DATABASE

We are required to do an annual update of all our resources. This information is valued by professionals and the public. Please take a minute to locate your agency listing by [clicking here](#) or going directly to our website at www.pa211east.org. Review your information and follow the directions below. (PA211 reserves the right to edit information to meet format, guideline, style and space requirements.) **There is no login or password needed for this process.**

- **NO CHANGES:**

1. Hover over and click on the “Comments or Corrections” button and respond by typing “ok as is” for each link. Fill in your name and email and click Submit.

- **CHANGES:**

1. Highlight General Information through Contact Information and copy (right click and choose copy). Hover over and click “Comments or Corrections” and paste the information. Make corrections. Fill in name and email and click Submit
2. Or email changes directly to houser@uwlanc.org

Note: You can also dial 2-1-1 to update your information over the phone

Note: You can also [click here](#) to request a password to edit your own information; click on sign up. This process does require training.

- **ADDITIONS:** (Add a new Agency or Service)

1. Click on the following links to add a new [Agency](#) or to add an additional [Service](#) to your agency.

If you are unable to open the links or you have any question about the updating process please contact Trish Houser at houser@uwlanc.org.

Thank you for taking part in this community-wide updating effort to bring the best possible health and human services information to the state of Pennsylvania.
