Residential Extended Care

- The Gate House for Women
- The Gate House for Men

Our residential programs are licensed, community-based drug and alcohol treatment programs offering individuals extended time in treatment. Clients are able to focus on and resolve the core concerns and issues contributing to their addiction and/or relapse. They are also able to focus on the development and practice of recovery-oriented living skills. Our facilities provide a homelike atmosphere conducive to personal growth and development.

Program components include:

- Individual, group, and family counseling sessions
- Individualized treatment planning based on client-defined needs
- Daily peer groups
- Life skills classes
- Daily 12-step meetings and involvement
- Recreational activities
- Family workshops providing support and resources for loved ones
- Referrals to other professional and community-based resources including psychiatric services
- Comprehensive discharge planning and individualized relapse-prevention planning
- Case management services throughout client's length of stay and beyond
- Post-treatment support including transitional housing, aftercare groups, outpatient services, and an alumni association

Gate House Behavioral Health Services (GHBHS)

GHBHS provides substance abuse outpatient and intensive outpatient counseling services, also acting as a point of entry into the system of care by providing drug and alcohol assessments and referral services.

Program components include:

- Assessments
- Individual, group, and family counseling sessions
- Individualized treatment planning based on client-defined needs
- Relapse-prevention planning

Some services available in Mounville and Lititz.

Recovery Environments, Inc. (REI)

REI is a non-profit sister organization to The Gate House, created in order to meet the housing needs of those in early recovery. Managed by The Gate House, REI offers transitional housing in gender-specific recovery residences.

All recovery residences offer:

- Zoning compliant locations with professional safety measures
- Locations in quality communities convenient to bus stops, 12-step meetings, outpatient treatment, and other supportive services
- Cable, phone, and high speed wireless internet services
- A live-in house manager at every location and a full-time, on-call coordinator
- Bedding, kitchen appliances, washer/dryer, transportation to house activities, supplemental food, and cleaning products
